## Community Involvement

Community involvement activities are undertakings in which your actions are bettering the community by improving the life of an individual, a group, or the community as a whole. Activities in which you have been chosen to be a participant, such as a sports team, orchestra, play, or beauty pageant, do not qualify. While they provide personal enrichment, they do not necessarily benefit the community.

In the space provided, please list the most worthwhile community, civic, and volunteer activities in which you have been involved.

If more than 30 hours were spent volunteering for organizations or projects, attach a brief report for each one. These reports should include a breakdown of the time spent on the project and should include the name and telephone number of the community leader who supervised the activity. Have the supervisor write a recommendation and send it to [scholarships@dsacommunityfoundation.com](mailto:scholarships@dsacommunityfoundation.com).

### **Please include the following types of details on these reports:**

- For fundraising events, specify how much time was spent in planning and organizing and how much money was raised at the actual event. Include the number and length of meetings, set-up time, time at event, and any follow-up activities.
- For board/committee activity, give the number of meetings and amount of time at each.
- For volunteer camp counseling or mission trips, count only hours spent working. Do not include travel, sleep, or touring time.
- For ongoing community projects, include the number of hours contributed each week, the number of weeks per year, and the total number of hours spent on the activity.

Any questions should be directed to 218.720.2518 or [mhanson@mnpower.com](mailto:mhanson@mnpower.com).

# ESSAY

(300 words or less)

- Describe how your community involvement affected you personally and what it did for your community.

# Application Instructions and Checklist
