Heating and Cooling—Options

Is the owner interested in the following electric heating options? If unsure; contact us at 218-355-2843 or DualFuelSupport@mnpower.com to discuss.

- Dual Fuel Standard (interruptible)—Discounted rate with defined interruption periods (max 300 hours annually).
- Dual Fuel Plus (interruptible)—Lower Discounted rate with longer defined interruption periods (max 1,000 hours annually); requires a non-electric backup heat source.
- Fixed Off-Peak (storage) Requires a sufficient storage medium—receives energy 8 hours per day from 10:00pm–6:00am
- None of the above

If yes, what type of electric heating system will be installed?

Electric Heating System(s):

- Ground source heat pump
- Air source heat pump
- Slab heat—electric cable
- Slab heat—electric boiler
- Electric boiler—hot water baseboard
- Baseboard/wall heaters/cove heaters
- Electric plenum
- Thermal storage unit heaters
- Centrally-ducted storage furnace
- Central storage hot water system
- Other: _____

Non-Electric Heating System(s):

- Boiler—slab heat
- Boiler—hot water baseboard
- Forced air furnace
- Fireplace/stove
- Other: _____

Non-Electric Fuel(s):

- Propane
- Natural gas
- Fuel Oil Other
- Wood None

Electric Vehicle

- Public Charging Fleet Charging
- Workplace Charging Other: _____

Electric Utility Load Profile

CONSTRUCTION REQUEST—COMMERCIAL - Site Details - Energy Conservation - Return Instructions

Project _____ Date _____

Location/Address _____

Certified Survey Map or Site Plan

Commercial customers must provide a certified survey map or a detailed site plan noting the following:

- Where the new structure will be located
- Location of existing structures
- Distance (feet) structure will be located from roadway
- Location of proposed/existing driveway (note if matting has been installed)
- Location of well lines, sewer lines, or other potential obstructions
- Location of electric panel (service entrance)
- Neighboring address and/or nearest intersecting road

Energy Conservation and Rebates

Save energy and build your business by using the tools and incentives available through One Business—Minnesota Power’s commercial, industrial, and agricultural energy-conservation program.

Business Pre-application:

www.mnpower.com/EnergyConservation/BusinessPreApp

Contact Number: 218.355.2909

Minnesota Power offers a variety of energy efficient programs and rebates. For details, please visit:

Commercial Application form 6034c—Return Instructions

Send your completed application and site plan by: **Mail:** Minnesota Power—New Construction Center
30 West Superior St.
Duluth, MN 55802
Fax: 218-720-2795
Email: newconstruction@mnpower.com

**Any questions can be directed to the New Construction Center at 1-877-535-0394 or 218-355-2644
Minnesota Power website: www.mnpower.com/**

By signing and completing this application I am certifying I understand and agree to the following:

Any deviation from the electrical design, once established, may result in additional costs for redesign and delays in construction. Services agreed upon in this application are required to stay in service for a minimum of five years. Customer will be liable for costs to remove Minnesota Power equipment if the five year minimum is not met.

I have read Your Commercial Electric Service at: www.mnpower.com/CustomerService/CommercialConstruction
